### Diabetes and Obesity in Renal Disease - The Diabesity Working Group's CME

Last year (2013) the ERA-EDTA Council approved the creation of a new working group on Diabesity (Diabetes and Obesity in Renal Disease) chaired by Prof. Mogensen (Denmark) and Dr. Porrini (Spain). Since then the working group has become a solid benchmark in this specific field providing the medical community with updates that benefit translational and cross-functional research on renal consequences of Diabesity /Obesity, and eventually facilitating the communication between researcher and patients. On November 1-2 2014 Diabesity Working Group will organise an educational event on [Diabetes and Obesity in Renal Disease](#) in Tenerife (Canary Islands, Spain).

### Clinical Kidney Journal – The new Editor in Chief

Prof. Alberto Ortiz is the new Editor-in-Chief of the Clinical Kidney Journal (CKJ). [CKJ – Clinical Kidney Journal](#) is the second official journal of the European Renal Association-European Dialysis and Transplant Association (ERA-EDTA). CKJ is an essential educational and training resource that appears bimonthly. It publishes practical and clinically-orientated content and is a valuable teaching tool to inform, guide and improve practice and training for nephrologists.
