Help to spread the word: endorse and translate EKHA Recommendations!

Building on its experience in the EU policy arena and its expertise in kidney health, EKHA has developed a set of [Recommendations for Sustainable Kidney Care](#). They are fully endorsed by all the major nephrological Societies worldwide.

ERA-EDTA invites you to propose topics for a press release

The national societies are warmly invited to propose topics for press releases to the ERA-EDTA press office. If you feel that a topic is worth to be communicated on a European level, please inform the ERA-EDTA press office (Bettina Albers, press@era-edta.org). The ERA-EDTA Council then decides if the suggested topic is suitable for a press release. If it is, a text will be prepared by the press office and distributed to the European Media.
