ISN Programs: Fellowship

The International Society of Nephrology has just opened a new call for applications for our Fellowship Program aimed at physicians from emerging countries wishing to pursue their nephrology training.

ISN Fellows receive hands-on training in advanced host institutions, allowing them to acquire state-of-the-art knowledge in basic and clinical nephrology, dialysis, transplantation, and epidemiology. The training focuses on providing the exact skills and knowledge specifically required by the home institution.

Next deadline for submission is in on **May 1st**, so get ready to apply soon!

Allison Eddy
Fellowship Program Chair

About the ISN Fellowship Program

Join our global network of Fellows and help us develop nephrology around the world. Check out some of our success stories

ISN Fellows are actively changing the state of care for Nepal's growing number of kidney patients. Read about Klara Paudel's story who thanks to ISN, trained at the Royal London Hospital in the UK and set up the first peritoneal dialysis program in Western Nepal upon her return.

Germany-Belarus: A multidisciplinary approach to studying nephrology

Fellows from the Charite Clinic University Clinic in Berlin, Germany spent a month with two fellows from the Minsk center thanks to an ISN Sister Renal Center partnership. Local medical professionals Aliaksandra Hashchuk is an intensivist and Volha Dybava is a nephrologist.
